29<sup>th</sup> July 1984

To The Editor,

I have just read your  
June 3<sup>rd</sup> Sunday Mail.

Jan McQueenie's story has  
reviewed my unhappy memories of  
Quarriers Homes. Like Jan and Doris  
Black I too was beaten, many  
times being unable to sit at my  
desk in school. I remember too  
the horror of having to watch  
while other children had to strip  
naked and were beaten.

I, with my sister, were in  
Quarriers from 1925 to 1931 I am  
horrified to read that Jan mentions  
bombs dropping (would that be the  
Hydebank blitz of March '41?)

TURNBULL (16)

Before Graham took  
over.

and that that type of sadistic  
brutal treatment was still going on.

I want to thank the Sunday  
mail for publishing the truth at  
last. I hope, that by your doing so,  
someone, not connected to Guaviers  
will make sure that no other child  
is ever treated in that manner ever  
again.

Yes, Jan's story is true. Now,  
like Jan, I hope, by writing this, I  
too can lay my ghost to rest at long  
last after 53 years - Good-bye ghost.

I am,

Yours sincerely
