PROA

Dear Sir

May I congratulate  
your paper for printing  
something that should  
have been exposed years  
ago.

Reference Mrs Mc Queenie's  
article on The Quarriers  
Homes. I was there for  
13 years. Mrs Mc Queenie  
was actually in my class  
at school. I have just  
passed my 54<sup>th</sup> birthday  
& since leaving Quarriers  
I have read numerous  
articles & books about  
the place but all of them

2

gave the impression that we lived in Alice in Wonderland. Now for a change I am reading the truth about that period.

I am looking forward to Mrs Mc Queenie's book being published.

Your paper could not possibly cover all that went on in Quarriers. But it is refreshing to see somebody is prepared to tell the truth & more important, people who will listen and believe it.

Boys & Girls were not mixed in those days, but I can assure you it happened in most Cottages. I think I can best

2  
sum it all up by saying,  
We must have been the  
only kids in Britain who  
looked forward to going  
to school just to get  
away from our house  
fathers, mothers, or Aunts  
as they were called.

Yours Faithfully

Jimmy
