RESEARCH ON EARLY SEXUAL ABUSE

We would like to speak to survivors of childhood sexual abuse. We would like to know what has helped you to get through your childhood experiences.

We hope to produce a self-help booklet summarising the most helpful ways to survive the past.

Taking part would involve a short interview of 30 - 45 minutes.

Your privacy and confidentiality will be protected and anything you share will remain anonymous.

By sharing your experience you will be helping others who have had similar experiences to you
